A highly motivated Information Systems fresh graduate with strong analytical capability and a proven record of driving insights, improving workflows, and supporting high-impact decisions. Experienced in sales reporting, performance analysis, and operational support across multi-branch environments. Skilled in developing digital solutions, coordinating across teams, and enhancing systems and marketing initiatives. Consistently delivers efficient processes, clear data insights, and meaningful improvements in both corporate and project-based settings.

## Work Experiences

### NUSANTARA SAKTI GROUP

Mar 2025 - Present

#### Data Control Analyst

- Supervised overall branch operations and sales activities across the Southeast and west Sulawesi region.
- Ensured daily branch operations complied with company procedures and Standard Operating Procedures (SOP).
- Collected, analyzed, and evaluated branch performance data (sales, credit, operations) to develop insights and recommendations.
- Collaborated with head office/regional management to ensure alignment in strategy, reporting, and policy implementation.
- Provided operational and strategic support to improve branch performance, including marketing initiatives, credit process improvements, and system enhancements.
- Increased revenue and sales productivity for Honda motorcycle units through targeted strategies and performance optimization.
- Supported the recruitment process for Salesmen, Counter Sales, and Agents based on branch needs.
